

**BMC PUT IN AN APPERANCE AT ADEX 2022 FAIR,
4TH AZERBAIJAN INTERNATIONAL DEFENCE EXHIBITION**

As one of the world-recognized military land vehicle manufacturer, BMC, exhibits its military vehicles at the Azerbaijan International Defence Fair ADEX 2022, will be held in Baku, the capital city of Azerbaijan on 6-8 September.

BMC will host its speacial guests with 120 m² stand area at ADEX 2022 4th Azerbaijan International Defence Exhibiton. It thanks to superior level of mine-ballistic protection and independent suspension, KİRPI II 4x4 AMBULANCE, performs rescue and emergency response task in the most difficult conditions, and VURAN 4x4 MPAV, can work with integrating different weapon systems such as Multiple rocket launcher, Multi-Purpose Armored Vehicle Mortar and remote control system.

THE VEHICLES, GOING TO EXHIBIT AT THE FAIR

KİRPI II 4x4 AMBULANCE – MINE RESISTANT AMBUSH PROTECTED ARMoured VEHICLE

The KİRPI II 4x4 AMBULANCE MRAP developed by BMC, has same general technical features as other family members of the KİRPI family. It has capable of performing as a full-fledged ambulance thanks to its custom-design interior. Especially, in intense conflict areas; this vehicle was developed for the rapid removal of the wounded from the region; It was designed to meet one of the most important needs of the armies of friendly and allied countries, preferred the Turkish Armed Forcess.

VURAN 4x4 – MULTI-PURPOSE ARMORED VEHICLE

VURAN 4x4 MPAV, come to the forefront for a crew of 9, high level of protection, and maneuverability. It offers its passengers a high level of protection against mines and ballistic threats, thanks to its unibody, armored cabin and windshields, shock-absorber seats, V-Shape hull, weapon station, and emergency exit hatch. Front and rear camera, automatic fire extinguisher system, A/C air heating and coling system, remote-controlled automatic weapon station and more options with VURAN 4x4 MPAV gets great credit.
